Professional Summery

I have more than four years of experiences in coordinating and producing program at Doctor TV a health based online TV channel. My major concentration of production of media area are developing program theme, collecting filed report, hosting talk shows, giving assignment on the reporters and producers. Especially I am affectionate of hosting doctor's view towards audiences, directing the reporters towards filed level reports.

From the beginning of my academic studies I dedicated myself to achieving the skills in reporting, doing action research, inspiring the youths towards innovation, entrepreneurship and development, creating the dimension of mine in anchoring program (national and International), music, recitation and writing English learning materials, arranging innovative seminars, symposium, conference and workshops.

I have attended and conducted thousands of classes, trainings, seminars, workshops, and training sessions, and symposiums, speakers' forums in the professional institutes in national and international arena. . I have attended as a key resource and consultant in many some remarkable institutes *DW Academy, Human Rights Support Center (HRSC), Unique Human Rights Foundation (UHRF), Doctor's TV, World Assembly of Muslim Youth (WAMY), Bangladesh Youth Leadership Camp (BYLC), Physically Challenged Development Foundation, (PDF), Dhaka University Model OIC, United Muslim Ummah (UMU), South Asian Youth Association (SAYA), Achol Foundation, Axis Medical School, Multiple Language Club, Genesis, Synapse and many others.*
